

# Rolling, Choosing and Expanding

Standard: 2NBT3, 2NBT4

Materials:

- Die
- Recording Sheet

**I Can:**

- take turns rolling the die
- decide where to record the digit in the place value columns to create the largest number
- describe it to my partner. “I rolled a 6 so I’m going to put it in the tens place to make 60.”
- expand the number in two ways
- watch my partner as they roll, decide, discuss and create a number
- compare our two numbers
- record which is larger using the  $<$  or  $>$  sign
- win if I have the largest number in the round
- play five times

For example,

Hundreds	Tens	Ones	Expanded Form #1	Expanded Form #2	Compare and record
4	5	6	$400+50+6$	$300+150+6$	$456>321$

## Recording Sheets Hundreds, Tens, Ones

	<b>Hundreds</b>	<b>Tens</b>	<b>Ones</b>	<b>Expanded Form #1</b>	<b>Expanded Form #2</b>	<b>Compare the two numbers and record which number is greater</b>
