

Egg Carton Equal Groups

Standard: 3OA1

Materials:

- Egg carton
- Pennies, buttons, or other small objects
- Equal Group Fact Cards (cut up)
- Paper
- Pen or pencil

I Can:

- Choose a Multiplication Card
- Using the egg carton put groups of items into the holes, depending on the multiplication problem
- For example: 5 groups of 3
I would put 3 buttons in 5 egg carton holes to show 5 groups of 3
- Write my answer on the sheet of paper with the multiplication equation.

5 groups of 4

2 groups of 4

6 groups of 2

7 groups of 2

3 groups of 4

4 groups of 4

5 stacks of 2

4 groups of 6

1 group of 4

2 groups of 1

2 groups of 2

3 groups of 2
