

REGISTRATION INFORMATION

Registration: Advance registration is required and should be completed no later than 14 days prior to the course starting date. If you wish to register after this date, please call (702) 906-5802 for space availability. Full tuition payment must accompany all registration applications. Checks or money orders should be made payable to the Advanced Dental CE. Please complete separate registration form and check for each course. Advanced Dental CE reserves the right to modify or cancel a course when circumstances warrant. Dates, course content or faculty will be changed only when unavoidable. If a course is already full when registrations are received, or if the course has been canceled, applicants will be notified and a full refund will be processed.

Advanced Dental CE is an NSBDE, AGD/PACE Recognized Provider and independently approved in many states

Refunds: Cancellation-Refund Policy

Registration is fully refundable only if course is canceled by Advanced Dental CE. We reserve the right to cancel a course for any reason and cannot be responsible for hotel deposits or non-refundable airline tickets or other associated fees. We take no responsibility regarding state medical or dental board requirements. Participants are responsible for determining whether they are able to perform these procedures at our courses and in their own practices. We are not responsible for decisions or changes made by state medical/dental board about their state practice acts prior to our courses. Registration is also fully refundable no later than 5 PM same date one month before course. No refunds after same date one month before the first course that you registered for. Cancellation which fall outside this parameters may result in full credit to be used for any other course offered by Advanced Dental CE. At our discretion, you may be able to change to another date and location but there will be no refund available should you cancel out of that course or fail to show up.

Live Patient Courses: Botox-Fillers-TMJ, Training & Certification

Botulinum Toxin and Dermal Fillers will be available for purchase at the course depending on number and type of procedures desired. Prices will be at wholesale prices and provided by Allergan. Attendees may bring their own products but must show proof that they are original and authentic.

Advanced Dental CE assumes no liability regarding medical, nursing, dental, esthetician or other state board requirements. Participants need to determine whether they are able to acquire and use prescription based products and perform these procedures at Advanced Dental CE courses and in their own practices. Advanced Dental CE is not responsible for decisions or changes made by state medical/dental/nursing/esthetician boards about their state practice acts prior to or after ADCE courses. It is the responsibility of each individual practitioner to diagnose, treat, and document patient care within their training, scope of practice, and experience and to ensure patients under their care are diagnosed, treated, and documented appropriately.

Healthcare professionals attending Advanced Dental CE courses must exercise independent, professional judgment, and perform the full standard of care in treating their patients, including but not limited to obtaining a medical history, examination, diagnosis, and treatment plan. Advanced Dental CE LLC assumes no responsibility for patient care and provides no specific medical, dental, or legal advice.

Model Patients

For the best learning experience, please bring your own model patients. This is a teaching course so please advise your model patients that they must be available for approximately 3-4 hours. You and your team members may serve as patients. Advanced Dental CE does not provide model patients. Patient release forms will be provided.

Additional Licensed Professionals and Staff

Additional medical/dental professionals and/or team members who show up at the course will be charged appropriately.

Live Patient Course Participation

Film, video, and photographs are taken at Advanced Dental CE events. By entering the event and your presence, you give unqualified consent to: Advanced Dental CE, its agents, licensees to record, use and publicize your voice, actions, likeness and appearance, in any manner and media, worldwide in perpetuity. If you wish to avoid being recorded, please do not enter event. Please share this with your team and patients that may accompany you to the course. All policies are subject to change at any time.

However, in view of ongoing research, changes in government legislation, the constant flow of information relating to therapy using any pharmaceuticals, medical devices, implantable devices, and medical/dental standard of care – attendees, users or receivers of Advanced Dental CE materials, information and training are solely responsible for insuring they continually update and refresh their knowledge and skills in relation to their clinical practice and any local, state, or federal agency legal opinion, positions, and regulations regarding their own healthcare practice. All information provided is necessarily generic in nature. It should not be used or relied upon in diagnosing or treating specific patient conditions. Healthcare professionals are solely responsible for all patient treatment and must exercise independent professional judgment and standard of care in treating their patients and practice decisions. Healthcare professionals are solely responsible for the choices and use of any and all pharmaceuticals, medical devices, implantable devices used on their

patients. Advanced Dental CE LLC, including its faculty, employees, associates or any related parties assumes no responsibility for any pharmaceuticals, medical devices, implantable devices, patient care and provides no specific medical or legal advice.

Anticipated ROI:

There are several variables to consider when treating patients with Botox and/or Dermal Fillers; however, the average revenue you expect from a vial of Botox/Xeomin is anywhere from \$1000 - \$1500 profit and with fillers, you can charge the patient double, to triple what your cost is – all within a 15 min visit with your patient. Also, it should be denoted the overhead is very minimal since most of the supplies you already have in-office and you are paying for the cost of the product.

[Course Outline](#)
