WALL SCONCE FIXTURE ASSEMBLY & INSTALLATION INSTRUCTIONS

Please read carefully and save these instructions, as you may need them at a later date.

CAUTION

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock.

GENERAL

All electrical connections must be in accordance with local and national electrical code (N.E.C) standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.

Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instruction.

ASSEMBLY AND INSTRUCTION

1. Please make sure power off before mounting whole fixture.
2. Mount plate(1) to the J-Box (by others) by 8-32" screws(2)
3. Install stem (6) to lamp body (Female thread 7)
4. Make sure electrical connections from J-Box to the frame
5. Using M6 nut (4) to mount canopy (3) to plate (1), then cover the avons (5)
6. Install bulb(9)(not included) on the socket (8)
7. Install crystal ball(10) on the branches
8. Power on the circuit and inspect the bulbs for full function

INSTALLATION IS NOW COMPLETED.
