

What you'll need:

Name Bubbles Father's Day Printable

Paint Brushes

Paper Plates or Paint Trays

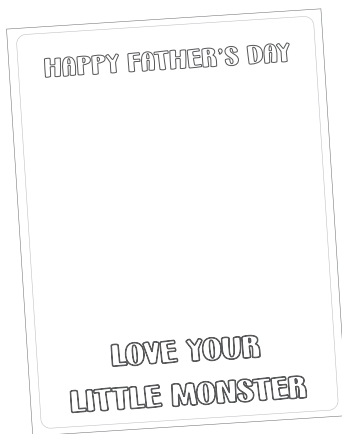

Tempra Paint or any water based paint (as many colors as you want to use to create your perfect monster)

Water and/or damp cloth to wash off hands/feet

Glue

Scissors

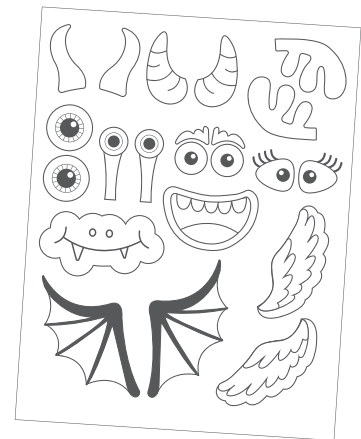

Crayons or markers

Card Page

Hand/Foot Print Page

Add On Features Page

Instructions:

Step 1 - Roll up any sleeves or pants on your child's clothing to avoid paint contact.

Step 2 - Pour a small amount of paint onto paper plates (or paint trays).

Step 3 - Lay the Print Page close by for easy access.

Step 4 - Using a paint brush, lightly spread the paint over your child's hand or foot.

Step 5 - Immediately after applying paint, have your child firmly press their hand or foot on the Print Page. Note the top and bottom.

Step 6 - While the Print Page is drying, wash hands/feet. Use remaining paint to decorate the additional character features on the Add On Features Page (or create your own!).

Step 7 - Once all the paint is dry, carefully cut around the edges of your child's hand/foot print and character features.

Step 8 - Use glue to attach the print to the Card Page. Attach additional features to the print to create your monster. Add finishing touches to card page using crayons or markers.

HAPPY FATHER'S DAY

LOVE YOUR

LITTLE MONSTER
