

FREE GOLD

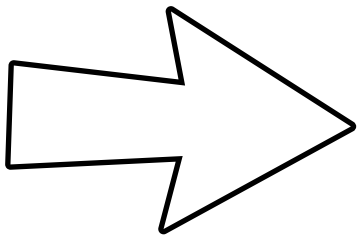

Instructions: Use an old shoebox to craft a sneaky trap to capture your St. Patrick's Day leprechaun. Remember they love gold!

For our example, we painted the outside of the box green and cut a trap door in the top. We recommend having an adult do any serious cutting to the outside of the box.

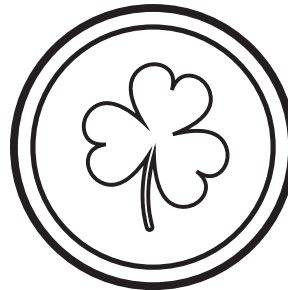

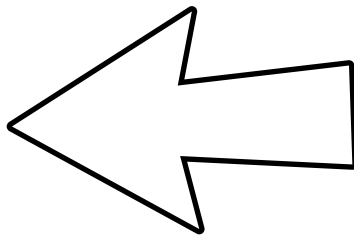

Color in the included shapes. Once finished, cut out and attach with glue. We added a pipe cleaner ladder to help out leprechaun climb to the top of the box.

We can't wait to see your creations! Don't forget to tag us in your social posts #namebubbles
