

## Men's Pant Size Chart

### A: Waist

Measure of your natural waistline. Remember to keep the tape a bit loose.

### B: Inseam

Measure from the crotch seam down to where you like for your pants to end. With the "V" cut hem, the back of the hem should be at the top of the sole of your shoe.

**Note: LINED PANTS WILL FIT A LITTLE MORE SNUG AS THEY ARE THE SAME OUTER PANT AS THE UNLINED WITH THE LINER ADDED. ON ALL OF OUR ALL-WEATHER PANTS, IF YOU ARE AN "IN-BETWEEN" SIZE, GO ONE SIZE LARGER.**
