

After you have downloaded the Bar Cop application zip folder and open it, you will see this “Read Me First” PDF, a file folder named “Bar Cop Inventory Files”, and the Bar Cop application.

Drag the “Bar Cop Inventory Files” folder and the Bar Cop application out of the zip folder and drop them onto your computer’s desktop.

Once you have removed those two files from the zip folder, you can launch Bar Cop.

Double click on the Bar Cop application icon to open it.

IMPORTANT: If you have antivirus software on your computer, it may begin to scan Bar Cop. This is normal and should only take about 10 seconds to complete scan. It is possible for an antivirus program to temporarily quarantine the Bar Cop application. You can avoid a scan or temporary quarantine by temporarily turning off your antivirus software.

When Bar Cop opens, proceed through setup until you reach this screen.

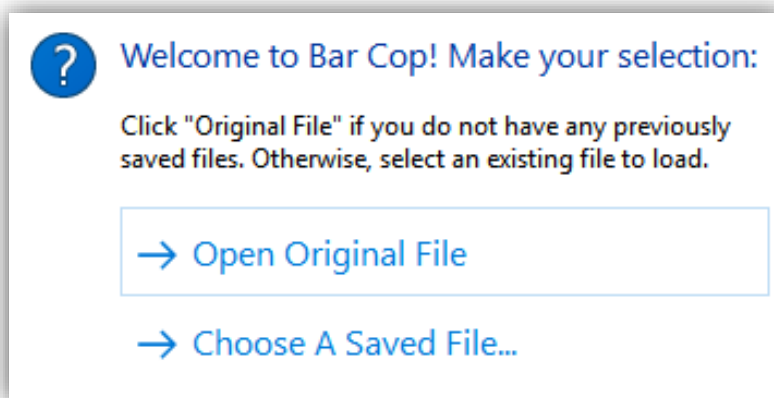

A screenshot of a Windows-style dialog box titled "Enter Activation Key" with a close button (X) in the top right corner. The dialog contains the following text: "To access Bar Cop, please enter your activation key and click **Activate**. You will have to provide the following system ID in order to receive an activation key:". Below this text is a "System ID:" label followed by a text input field containing the value "475742584-4837". To the right of the input field is a button labeled "Copy to Clipboard". Below the "System ID" section is the label "Your Activation Key:" followed by an empty text input field. To the right of this input field is a button labeled "Paste From Clipboard". At the bottom of the dialog are two buttons: "Activate" on the left and "Cancel" on the right.

IMPORTANT NEXT STEP: Copy the system ID located on the activation key screen and reply to your order download email with the system ID included in the email.

After we receive your system ID, we will email you the activation key.

When you receive back the activation key open Bar Cop again and enter the activation key to complete setup.

When you reach the “Welcome to Bar Cop!” screen setup is complete. You will see the file selection screen every time you launch Bar Cop.

Click “Open Original File” to start setting up Bar Cop.
