 human touch®
Your best. Every day.™

“

At the beginning of the year, it is difficult to keep focus through six days of running, biking, and swim training. With regular sessions in my Human Touch massage chair, I am able to recover faster and get further into the week before I start to break down. When championship race time comes around, I have my training and relaxation routine down, and I can make it all six days with quality workouts followed by great recovery.

RELIEF

YOU CAN COUNT ON

The sleekly designed **Certus by Human Touch®** is not only eye-catching, but also remarkably functional. In Latin, the word Certus translates to sure, certain, resolved, or reliable. A fitting name for a massage chair that will soon become a reliable companion on your wellness journey, helping you create a sure path to good health through self-care.

The Certus delivers three-dimensional massage along the entire length of your spine and all the way down to your thighs. Enjoy auto programs that are focused on helping you achieve a new, relaxed state of being. Tension in your legs and feet will melt away as the unique, outer orbital calf massage and underfoot rollers soothe tired muscles and overworked feet. Let the dynamic stretch position your body for a lengthening of your back and muscles, giving you renewed energy and life.

CERTUS

HEALTH & WELLNESS BENEFITS

RECOVERY

Regular massage helps to prepare for, and recover from, strenuous workouts by increasing oxygen-rich blood to tired and sore muscles. This helps improve physical mobility and minimize recovery time.

RESTORATION

Modern life can cause stress injuries, such as tension headaches from excessive screen time or back pain from constant poor posture. Daily massage corrects these daily strains in order to improve your overall health.

REJUVENATION

Massage helps improve mental clarity and reduce anxiety. Even just 15 minutes of daily massage can contribute to better sleep, improved mental focus, and a greater sense of well-being.

REHABILITATION

Massage can help the body recover from a variety of physical conditions, including back pain, Sciatica, Arthritis, Fibromyalgia, and much more.

AUTO-WELLNESS PROGRAMS

Indulge in 11 programs, including Full-Body massage, Stretch, Energize, and Recovery.

ACUPOINT® DETECTION

Intuitively scans your back to map the massage programs for maximum effectiveness.

BUILT-IN USB PORT

Charge your favorite hand-held device while you listen to music, watch videos, or read an eBook.

FULL-BODY STRETCH

Our expansive “bend and stretch” functionality provides unprecedented leg and spine relief by increasing blood flow to the vertebrae and discs and rejuvenating the lower back, allowing you to recover with greater efficiency.

SPACE SAVING DESIGN

The Certus requires nearly zero wall clearance in order to pivot seamlessly from the upright to reclined position.

ALTEC LANSING PREMIUM SOUND SYSTEM

Immerse yourself in soothing music while enjoying a relaxing massage. Easily connect your device to the built-in speakers via Bluetooth.

CLOUD TOUCH ACUPRESSURE

Strategically placed, targeted aircells apply pressure to key healing points and manipulate your body to stretch muscles.

DUAL-LUMBAR HEAT

Adjustable and targeted heat gently soothes the back to loosen tight muscles and help relieve pain.

FLEX 3D MASSAGE TECHNOLOGY

With adjustable intensity settings, you can tailor your massage for a therapeutic, fully-enveloping massage with just the right pressure.

EXTENDING FOOT AND CALF MASSAGER

Enjoy the unique, outer orbital calf massage, intensity-adjustable underfoot rollers for reflexology, and power-operated extension for a fully-customizable experience.

S- and L-Track

S and L TRACK SYSTEMS

While the **L-Track** extends high-performance coverage from your neck and shoulders all the way down to your glutes and thighs, the **S-Track** closely follows the curvature of the spine. The result is a massage that is designed to move with the natural curves of your body for optimal results.

FINGERTIP CONTROLS

Easily manage key functions at your fingertips using the convenient control panel:

- Power On
- Start the Demo and Toggle to Other Auto Programs
- One-touch to ZeroG®
- Adjust Recline Position
- Emergency Stop
- Restore the Chair to Full Upright Position
