# SUPER NOVO

## HEALTH & WELLNESS BENEFITS

### RECOVERY

Regular massage helps to prepare for, and recover from, strenuous workouts by increasing oxygen-rich blood to tired and sore muscles. This helps improve physical mobility and minimize recovery time.

### RESTORATION

Modern life can cause stress injuries, such as tension headaches from excessive screen time or back pain from constant poor posture. Daily massage corrects these daily strains in order to improve your overall health.

### REJUVENATION

Massage helps improve mental clarity and reduce anxiety. Even just 15 minutes of daily massage can contribute to better sleep, improved mental focus, and a greater sense of well-being.

### REHABILITATION

Massage can help the body recover from a variety of physical conditions, including back pain, Sciatica, Arthritis, Fibromyalgia, and much more.

# REDEFINING THE MASSAGE EXPERIENCE.

Change the way you experience wellness with the **Human Touch® Super Novo**, which offers a captivating design and delivers three-dimensional massage along the entire length of your spine and all the way down to your thighs. Choose from Meditation programs that combine a soothing soundtrack with your massage, helping you focus your breathing and achieve a relaxed state of being. Or try the Yoga Studio program, which uses deep stretching and pressure to loosen and relieve pain from tight muscles. Complementing its advanced massage technology, Super Novo is the first chair of its kind to implement Alexa capability with the help of **Virtual Therapist™**.

Make massage personal again by asking Virtual Therapist to give you a customized massage, and feel the smooth glide of the recline sweep you back into a perfect state of relaxation.

*I've had the massage chair for a week and my chronic lower back pain vanishes after sitting in the chair. The combination of heat, zero gravity and "L-Track" technology that massages your glutes as well as lower back is pure heaven. My wife makes fun of me because I describe the experience of being in the chair as being in your mother's womb. I can't say enough about the chair!*
