

Essential Comfort

HEALTH MATE SAUNA

The Essential Comfort, Health Mate's revolutionary Dome Sauna, is designed for a single user to enjoy the full benefits of infrared heating anywhere there's space to lay down. Perfect for apartment living, at-home gyms, or even yoga studios, this high-impact, small footprint sauna can collapse to half its size for easy storage. It features low-EMF from 7 total heat pads that connect to 2 heat sources, and a separate controller for time and temp, along with comfortable, contoured cushioned padding and a memory foam head rest, all at an affordable price. Experience why Health Mate is the industry leader when it comes to infrared saunas.

Quality Infrared

Combined heating includes Tecoloy medical-grade and carbon system for mid- and far-infrared heating designed for lasting use

Low EMF

Low EMF heaters plus electrical and controllers feature safe electromagnetic frequency levels as verified by outside third parties
