ring sizer guide

— just like you & me, we are all different sizes —

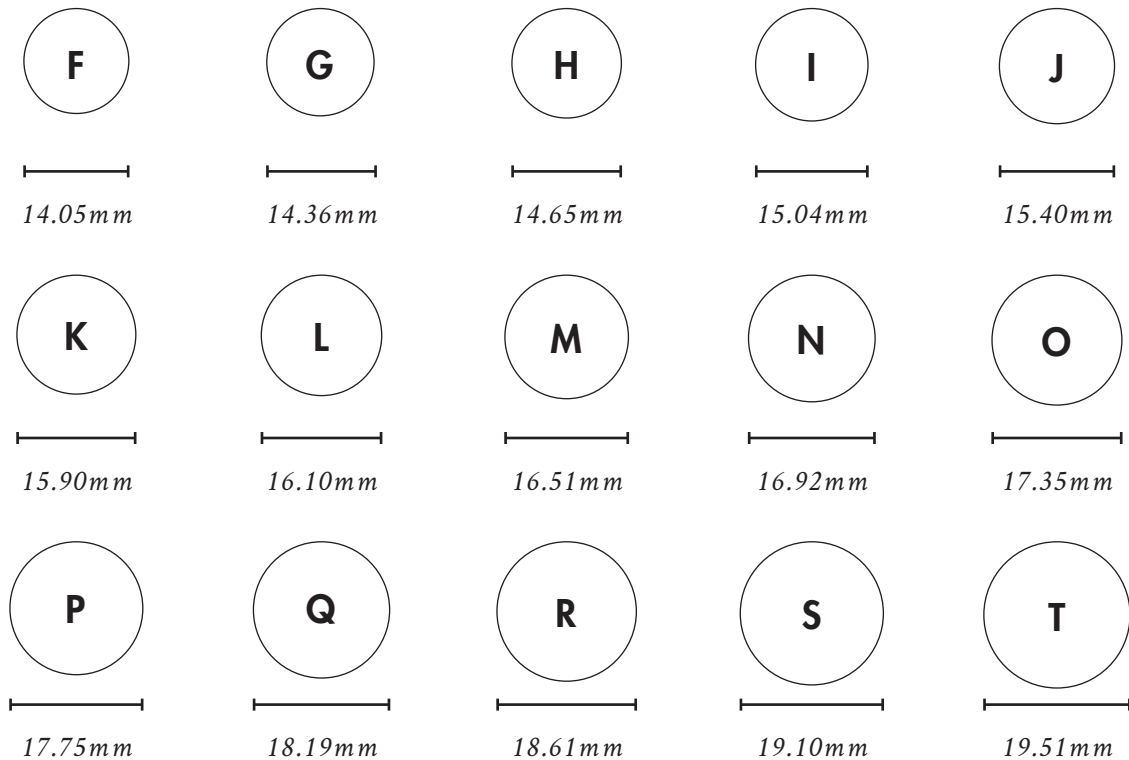

We have prepared a guide for you to measure your existing ring to find out your ring size. Follow the 2 steps and find the perfect fit for your finger of choice.

- 1) Print out this A4 document to 100% - make sure the page scaling on your printer setting is set to "none". Check the printed page by measuring the line below — it should be exactly 5cm.

Hello, I am 5cm long!

- 2) Place your ring on the chart below and match the inside edge of the ring to the circle nearest in size. The letter that sits best within the circle, is your ring size. If the ring falls somewhere between two sizes you should always opt for the larger size.
