DESCRIPTION:

The LINE2design Firefighter Step-in Gear bag is made with the most advanced durable and synthetic fabric on the market. The infused Ripstop fabric has an outer shell that is water repellent with the ability to withstand above average water exposure. The specially designed inner fabric has an infused PVC coating that keeps water from getting into the bag while also preventing toxic gases from escaping. The PVC inner liner is durable and easy to wipe clean.

The 20" x 16" x 17" bag features one main storage compartment for carrying essential and everyday gear as well as one outside front zippered storage area.
