- Bag Color: Red

DESCRIPTION:

The LINE2design Wheeled Firefighter Jumbo Gear Bag is made with the most advanced durable and synthetic fabric on the market. The infused Ripstop fabric has an outer shell that is water repellent, able to withstand above average water exposure. The specially designed inner fabric has an infused PVC coating that keeps water from getting into the bag while also preventing toxic gases from escaping. The PVC inner liner is durable and easy to wipe clean.

The 30" x 14" x 17" bag features five separate zippered storage pockets for carrying essential and everyday gear. The mesh back with flap closure provides effective ventilation. Yellow reflective trim helps enhance your visibility at night and in low-light conditions.

SPECIFICATIONS
