

# Finfolk Voyager Tailbag

Waterproof heavy-duty waxed canvas with vegan leather straps and nylon lining, the Voyager Tailbag fits any commercially available mermaid tail, including tails with the competitor monofin, fully unzipping all the way around for easy tail insertion and removal. It features a large front pocket, small hip pocket on waist belt, easy-grip top handle, and breathable mesh back pad. The heavy duty backpack straps are adjustable and detachable for easy stowing. The Voyager includes adjustable chest strap across backpack straps, adjustable load lifter stabilizer straps, removable padded hip belt and cross-body shoulder strap, and internal straps for securing your tail(s).

Care: Store your Voyager Tailbag out of direct sunlight and fully dry. Please ensure you do not leave wet tails in the tailbag for extended periods.
