With right sides together stitch back and front of the cushion together along the edge leaving small opening on one side. Turn it inside out, insert fibre filling and hand stitch the opening. Make 4 Light Gold tassels and attach them to each corner of the cushion if desired.

2. Wrap the Light Gold thread around and around the cardboard approx. 60 – 70 times.

3. Pull the tie-thread up from the middle of the cardboard . Tie it tightly around the top of the tassel and cut the bottom of the tassels free. Use the tails from this thread to attach the tassel to the cushion later.

4. Take a length of Light Gold thread and wrap it approximately 1cm below the head of the tassel. Wrap several times to form the neck of the tassel.
