# RIVIO

by Gensler

**Transition was the watchword for Gensler when designing RIVIO. Based on the transition from something lighter to something more solid, the flowing cutaways allow the thumb and fingers to engage in a uniquely comfortable way, affording a better grip and making opening and closing easier. Carved through the centre of its circular section, the handle continues its way back to the whole at a gentle incline. Ergonomic and elegant, it's offered in two variants, with either a curve or a 90-degree angle leading to the neck and rose.**
