EN “*Curved shapes are for me the real antidote to all that is cold, bland, to all that which disrupts the natural beauty of life.*” Imagined as bubble dreams, India Mahdavi’s Bubbles collection for Vervloet embodies the alliance between simplicity and femininity, through the intersection of pure and absolute geometric shapes: the sphere and the cylinder. Gently perched, like birds on a branch, they transport us in their song.

FR « *Si j’aime les formes rondes, c’est qu’elles sont pour moi les meilleurs antidotes au froid, au lisse, à tout ce qui raje la vie.* » Pensée comme des bubble dreams, la collection Bubbles d’India Mahdavi pour Vervloet symbolise l’alliance de la simplicité et de la féminité, en utilisant des formes géométriques pures et absolues : la sphère et le tube. Comme des oiseaux posés sur une branche, elles chantent et nous emmènent ailleurs.
