## Selecting the right TRUFIG mounting platform

### Overview:

Selecting the right TRUFIG mounting platform for the application is first step to a successful installation. For most TRUFIG mounting platforms there are two types of models available: 1) gypsum, & 2) solid Surface. In order to help select the correct mounting platform for each application, use the below table. Find the application you are looking for across the top row, and match it up with the correct mounting platform configuration on the left by selecting a row with an “X” marked beside the type/size you need.

Mounting Platform	Gypsum/Drywall	Plaster**	Wall Paper	Wood	Stone	Small Tile (<4" sq.)*	Large Tile (>4" sq.)	Glass	Mirror	Fabric	Concrete**
