Qtoo collection

The Qtoo Collection was launched in 2020, to further leverage our ability to achieve complete cohesion within architect-designed spaces. The collection brings to the market 100% recyclable stainless steel taps and shower fixtures, which share our precisiondesigned, minimalist aesthetic. Created through an established collaboration with Danish design studio Hans Thyge & Co., each Qtoo piece blends a simple silhouette with innovative ideas, balancing soft, feminine shapes with perfectly composed geometric lines.
