

Bar & Line

Jeroen van de Gruiter

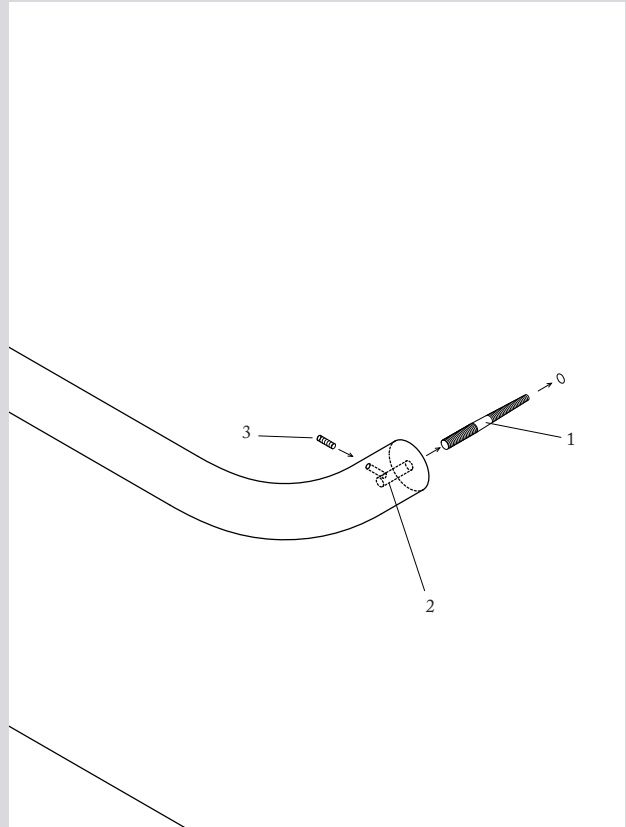

## Bar

A polyester bar that can be used as a towel rail or handle, it is available in a range of different colours and transparencies.

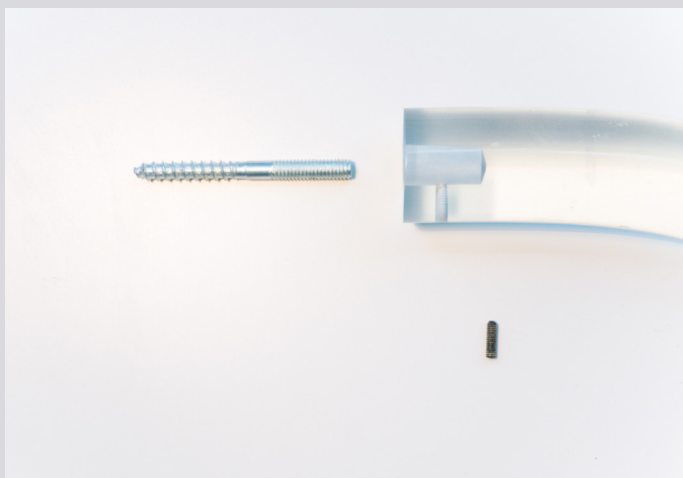

ø33 x 520 mm  
polyester  
matte or polished finishes

pink version

steps for installation

Depending on the chosen transparency the mount will be more or less visible.

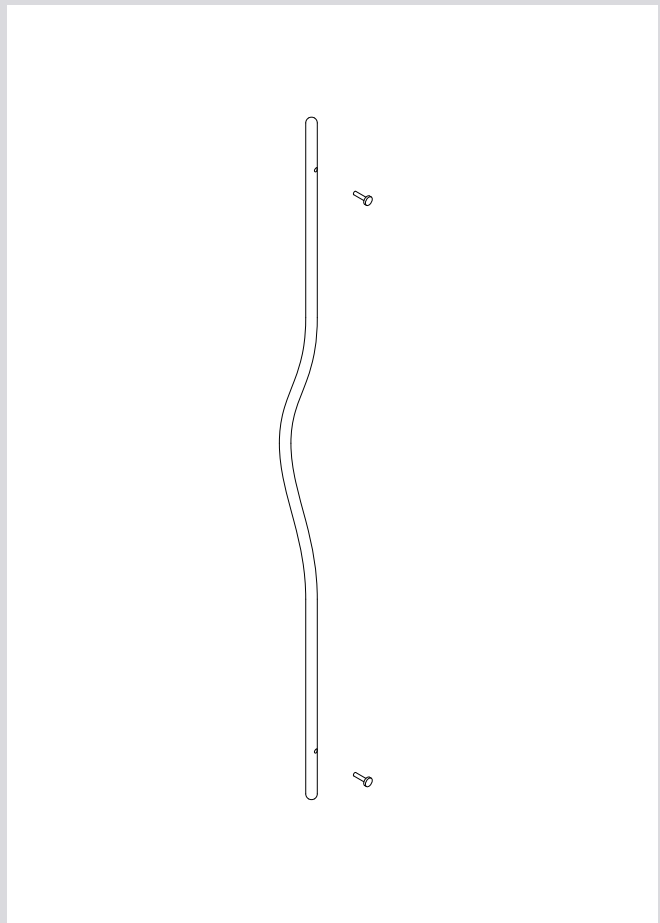

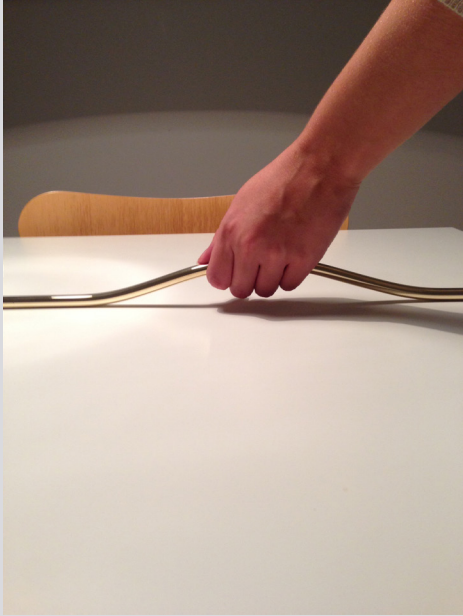

## Line

The brass line doorhandle is created by the idea of a pulse, a short moment of movement in an otherwise linear shape.

ø10 x 720 mm

brass

brushed or polished finishes

Two points from which the handle can be fastened,  
spacers in between the handle and screws can be made as well.
