RECLAIMED AMERICAN BARN WOOD PANELS

Illuminated by the sun and embraced by tall grass. An old barn, once the pride of its county, now slumbering silently. Patiently it waits for the day it will again be a part of someone's life. Our American Barn Collection breathes new life into this historic material by restoring it and bringing it into your home or commercial project. Handcrafted from old barns dating from the late 1800's to the early 1900's. The character and warmth of this classic material makes for a truly distinctive home or commercial project.
