Printing this Document

When printing, if you see an option to
"**Shrink oversized pages to fit**", please make sure it is **unchecked**.

Also, if you see an option for "**Page Scaling**" please set it to **none**.
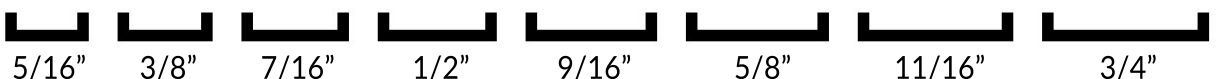

After Printing...

IMPORTANT:

After printing, please measure the 1 inch line below with a ruler to confirm that it printed correctly. If not, please try printing again.

1 inch

Watch Lugs

11/16"

Measure the width of your watch by simply lining up the <u>inside</u> of the watch lugs with the correct watch width size shown below.

The example on the left shows a watch with an 11/16" width.

| 5/16" | 3/8" | 7/16" | 1/2" | 9/16" | 5/8" | 11/16" | 3/4" |
