

ARMABOT

F1 Intake P/N A0066 Examples

Rubber Sheet
Can be any shape or size. With
longer bolts multiple or thicker
sheets can be used.

3/8 Surgical tubing
Can be cut to any length

The hub can be used to make a "floppy" intake, using rubber sheets. Fabric-reinforced sheets are recommended.

This pattern will allow the sheet to interface with the hub.

The outside of the sheet can be any shape.
