## About Portapivot

Portapivot is a Belgian brand, created and engineered by the designers of ANYWAYdoors.

Anyway was founded in 1995 and specializes in high-end, made-to-measure interior doors and wardrobe products.

Portapivot offers its products as made-to-measure, self-assembly kits, designed specifically for interior professionals.

## Supporting local craftsmanship

We believe in a production philosophy where we combine the strength of our technology and designs with local craftsmanship from all over the world.

We encourage our professional clients to source the required finishing materials at local partners and therefore support the local economy.

Any professional who is capable of assembling kitchens, closets, doors or windows, has the required skills to measure, order, assemble and install our products. We designed Portapivot with special attention in regards to assembly and installation. All the necessary hardware and accessories are included in our made-to-measure kits.

We sell our products directly from manufacturer to the professional craftsman, with worldwide shipping & delivery by Fedex. ExWorks shipping as available if you prefer to use your own carrier service.

## Stealth Pivot Awards

The Belgian manufacturer ANYWAYdoors received multiple international design awards for its "pivoting room dividers", equipped with Stealth Pivot XL hinges. Stealth Pivot is patented technology.
