- EARL GREY TEA SET -

If you are a tea lover, you would have definitely had a cup or two of Earl Grey Tea! Earl Grey is one of the most popular and classic tea types. This Earl Grey Tea Set features three different types of tea with the classic Earl Grey flavouring.

Earl Grey Tea is a type of tea blend which has been flavoured with the addition of oil of bergamot. Traditionally, "Earl Grey" was made from black teas which were used to imitate the more expensive types of Chinese Tea.

BENEFITS OF BLACK EARL GREY

- ▶ *A cup of black tea everyday will keep you up and energized with its rich and full-bodied flavour. What most of us don't know is that this delicious and energizing drink is not just refreshing but is brimming with health benefits. Consuming full leaf black tea reduces the risk of cardiovascular disease and boosts the immune system.*

Steep time:
2 to 3 minutes

Steep temperature:
90-100 deg. C

Serving size:
1 tablespoon
per 200 ml water

BENEFITS OF GREEN EARL GREY

- ▶ *Green tea is one of the top fat-burning "superfoods", thanks to a metabolism-boosting compound known as EGCG. The antioxidants present in green tea are known to boost metabolism and help you burn fat and manage weight in a more effective manner.*

Steep time:
1 to 2 minutes

Steep temperature:
80 deg. C

Serving size:
1 tablespoon
per 200 ml water

BENEFITS OF RED EARL GREY

- ▶ *Rooibos teas are found only in the Cedarberg region near Cape Town, South Africa. Rich in mineral content and antioxidants, these teas naturally grow with no caffeine. Mate teas are made from the traditional South American Yerba Mate plant. It was called "the drink of the gods" by many indigenous South Americans.*

Steep time:
1 to 2 minutes

Steep temperature:
80 deg. C

Serving size:
1 tablespoon
per 200 ml water

DOUBLE WALLED ILLUSION KAVA CUP

The Kettlery's sturdy glass kava cup has a timeless appeal. The layered glass creates an illusion as if the liquid is floating in the air and keeps your hands cool.

TEA STORAGE TINS

Keep your tea fresh in amazing tea storage tins designed by The Kettlery. These tins are made from food safe materials. They are designed to protect teas from light, air and moisture so that they stay fresh for a longer period.
