

Cheltenham Harriers Virtual Handicap Race Series

Points for each race are determined based on the handicap race position, with 50 points for 1st place down to 1 point for 50th. The top three positions in each race also receive bonus points of 5, 3 and 1 respectively. Where positions are tied, points are shared, so half points can also be awarded. ie joint 30th would share the points for 30th and 31st place.

The number of races in the series is yet to be determined, but only athletes best scores will count towards their overall total. ie if the series has X races then a runners best Y scores will count towards their overall total. This means athletes missing odd races can still be in contention for the overall series. Runners can join the series at any time and do not have to contested any of the previous races.
