(Plus Postage)

EDDM Mailing

Every Door Direct Mail (EDDM) is a unique direct mail program created by USPS in 2008. It lets businesses send direct mail pieces without having to purchase a mail list. Business owners have two options:

- 1. Retail EDDM:** The most common option, but there's a 5,000 quantity limit and all mailpieces must meet USPS size requirements for Standard Mail flats.
- 2. EDDM Business Mail Entry Unit (BMEU):** Offers business owners more size options and there is no maximum quantity limit. This is also less expensive than Retail EDDM.

What's Best for You?

There are many benefits to using EDDM, but it's not a fit for every business. Here are just a few differences between EDDM and Full Service Mailing

EDDM	Full Service Mailing
An EDDM program can often take 2-4 weeks to hit mailboxes	Turnaround is much faster, within days of when pieces are mailed, depending on geographical location
The current cost for postage on an EDDM campaign is 18.7 cents	Can be as high as 55 cents for postage.
