

# HI FORM Alphaflax

ALPHAFLAX oral grade, pure cold pressed flax seed oil, 55% plant based omega 3 EFA'S. The perfect balance of Omega 3 to Omega 6.

Give your horse the best quality Flax Seed oil for improved health and performance.

Omega 3 fatty acids are important constituents of all cell membranes. They are needed for the production of eicosanoids, including leukotrienes (involved in inflammatory responses), prostaglandins (involved in smooth muscle contraction and inflammation), and thromboxanes (involved in blood clot formation).

All cells in a horse's body except the blood cells produce eicosanoids and the eicosanoids have their effect directly on the cell that produced them.

Omega 3 fatty acids improve general health and well being. Improve skin and coat health.

Supports a healthy immune system

100% Natural. Free from additives. Cool energy source.

Flax seed oil having a high level of Omega 3 essential fatty acids can also help to reduce inflammation.

The highest quality flax seed oil available on the market.

Produced in Australia.

## Alphaflax Nutritional Values (per 100 ml)

Energy	3700 kj
Protein	< 1 g
Total Fat	100 g
Saturated	12 g
Polyunsaturated	70 g
Monounsaturated	18 g
Omega 3	55.1 g
Omega 6	16 g
Omega 9	18 g
Cholesterol	< 1 g
Carbohydrate	< 1 g
Sugars	< 1 g
Sodium	0 mg
