

APRIL 2020

HI FORM HEALTH FIRST

The start to this decade has not been an easy one by any means for everyone in the world. The pandemic crisis has been an event many of us have not dealt with in our lifetimes and has come with a lot of confusion and uncertainty. This is a difficult time for many of us, however our beloved pets and horses do not know any different.

If you have been significantly affected by the current pandemic, please don't eliminate your horses' supplement or feed regime. Speak to one of our Nutritionists to see how we can simplify your horses' diet, saving you costs without compromising your horse's health and wellbeing. We at Hi Form are always happy to help and support where we can.

Each horse will vary significantly, however ensuring they are getting the most out of their supplements and feed is pinnacle.

Simplify your diet regime

If you feed nothing else, ensure your horse is getting its recommended daily intake of vitamins and minerals through their feed and supplement by eliminating any fillers and by-products and instead combining Harrys Choice feed with a daily supplement.

This will help to support their bodies on a day to day basis. Given the unfortunate but inevitable changes in our community some of you may have reduced time to spend with your horses or limited riding hours. In this case, you should be able to comfortably reduce the amount of daily supplement you are feeding your horse.

Please speak to one of our Nutritionists for more personalised advice as this will vary for each individual horse.

If you are in isolation or prefer not to go outside, make the most of your supportive community. Most feed stores offer delivery services. We, as Hi Form are still processing orders through our online store and offering 20% off our product range due to the COVID-19 outbreak for the month of April and **free shipping** on orders under 15kg. Head to <http://www.hiform.com.au/collections/> and enter the code: **JustForYou20** at the checkout for **20% off!**

Your health and your horses' health are our priority, we are here to support in any way we can so please don't hesitate to call, email or contact us if you have any questions or queries. We are all in this together.
