# Products in Review

Our pure certified oral grade flaxseed oil is cold pressed. Flaxseed oil has one of the highest concentrations of plant-based essential fatty acid omega 3 alpha linolenic acid ALA is converted to Eicosapentaenoic acid EPA and docosahexaenoic acid DHA in the body, which are essential fatty acids that are beneficial for optimum health. Omega 3 fatty acids improve general health and well-being. It contains photo sterols with the added benefit of improving skin and coat health. Flaxseed oil having a high level of omega 3 essential fatty acids can also help to reduce inflammation. 100% natural, free from additives!

## SYMPTOMS OF ARTHRITIS / JOINT CONDITIONS

- Swollen joints
- Stiffness
- Uneven gait
- Lameness
- Heat
- Pain and tenderness
- Change in personality to being ridden
- Excess joint fluid

Arthritis will often occur changes in the regular structure and function. It can be triggered by injury through trauma where the bone or cartilage is damaged or the roughening of the smooth surfaces from infection.

HOW IS YOUR HORSE IN THE COOLER MONTHS?

Organic soy oil can aid in cardiovascular health, it boosts the immune system by eliminating free radicals that cause conditions such as heart disease, cancer, and premature aging. Boosts Bone Health due to the high vitamin K levels, therefore great in prevention of arthritic conditions. Improves vision due to the Omega 3 fatty acids by protecting cell membranes, acting as an antioxidant and neutralising free radicals. High Vitamin E content acts as a powerful antioxidant and nourishes the coat, skin and hooves.

EquiGestic Plus has the most amazing pain relief properties, allowing osteoarthritic cases to remain in work. Osteoarthritis is a very common condition and if managed, the life of the performance horse or happy hacker can be extended. EquiGestic Plus also has many other amazing attributes, such as its very strong antioxidant effect and exceptionally high absorption and utilisation rate, making this not only highly effective, but also fast acting.

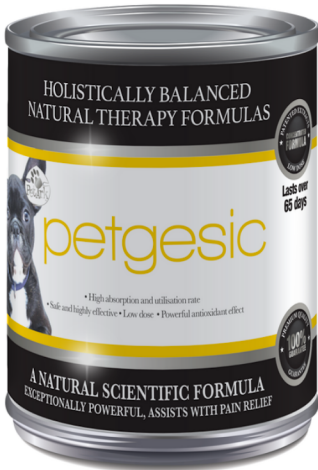

Proflamaid Plus contains vitamins and minerals that have a role in wound healing and the maintenance of normal healthy joints. The nutrients contained in these formulas have a role in general metabolism and red blood cell formation, act as an anti-oxidant and assist in maintaining normal nitrogen balance in tissues. Proflamaid Plus promotes healing and normal joint function by supporting the natural inflammatory and anti-inflammatory pathways. The synergistic action of herbal and nutritional ingredients have a strong effect on boosting immune function and accelerating healing process.
