

HI FORM AUSTRALIA

March Newsletter

The Double "H" System

'By using the Double H System™ Hi Form Complete Feeds™ and Hi Form Australia™ Formulas offer the horse owner the opportunity to meet their horses' daily nutritional requirements in exact measures, a unique system unequalled anywhere else in the world'.

A simple, natural, cost effective complete feed. No extra chaffs required, no by-products, no nasties, just what all horses have evolved to eat. Steamed and compressed natural long stem fibre with a specific Hi Form daily formula added to ensure your horses' daily nutritional requirements are met. Just add hays and provide clean water.

CompletaVite

To achieve an optimal daily nutritional intake, we recommend using CompletaVite with Hi Form Complete FibrePlus or Hi Form Complete AlphaFibre.

Next Generation

Next Generation ProflamaidPlus Pellets contains the same fantastic ProflamaidPlus formula combined with pure steamed and compressed Alfalfa pellets. Perfect for incredibly fussy eaters who refuse to eat powder in their feeds, or very good doers who don't require a feed.

FOR EASE YOU CAN ADD SUPPLEMENTS DIRECTLY TO HI FORM COMPLETE FEEDS ALPHAFIBRE OR FIBREPLUS

Oxydane

Oxydane is a very complex high performance formula for racing and harness racing horses and high level performance horses.

The Balancer

Next Generation Oxydane Pellets contains the same fantastic Oxydane formula combined with pure steamed and compressed Alfalfa pellets. Perfect for incredibly fussy eaters wh
