

petgesic

PetArk PetGestic is an effective, fast-acting formula to assist with pain relief. PetArk PetGestic contains superior herbal extracts including patented extracts Curcumin C3 Complex and BioPerine, to deliver a safe and natural supplement that has a powerful antioxidant effect. The added benefits of *Boswellia serrata* aids pain relief through its analgesic and anti-inflammatory properties. PetGestic may assist with conditions such as osteoarthritis and can be used in conjunction with PetArk Muscle and Joint for extra relief.

Key ingredients: Curcumin C3 Complex, *P. nigrum* (Black Pepper) & *B. serrata* (Frankincense).

Dose rates: ½ - 1 spoon. A 100g tin lasts over 65 days.

Did you know? Common signs of a dog in pain may include a decreased appetite, sudden 'out of character' or changes in demeanour, over-grooming, hiding, panting, difficulties moving or aggression.
