

STUDHORSE

Suitable for broodmares, weanlings, yearlings and growing horses and is a complete balanced feed supporting the development of bones, cartilage and soft tissue in the growing horse and total nutritional support for pregnant and lactating mares and suitable for Stallions. Harrys Choice StudHorse contains alfalfa hay, oaten hay, whole oats, steamed barley, Hi Form EquiSoy™, cold pressed, expelled, GMO free soy oil and Hi Form BreedPlus™ to provide your horse with an excellent balance of vitamins, mineral tissue salts, amino acids, trace elements and organic herb extracts. Horse owners and breeders are only required to top up with Hi Form BreedPlus™ with small dose levels to achieve the perfect balance. Dose rate will depend on the level of feed.

- NO BY-PRODUCTS • NO ADDED NASTIES • NO MOLASSES • POWERFUL ANTIOXIDANTS •
- USING ALL-NATURAL ORAL GRADE, VITAMINS, AMINO ACIDS, ORGANIC HERB EXTRACTS, TRACE ELEMENTS AND MINERAL TISSUE SALTS • EXCELLENT LEVEL OF ENERGY, PROTEIN AND ROUGHAGE •
- HIGHLY PALATABLE AND DUST FREE • CONTAINS SYNBIOTICS (PRO AND PREBIOTICS) •

From the paddock to the feed shed, Harrys Choice is a unique, high quality feed formulated using the latest cutting-edge research and ingredient technology available. Hi Form Australia, one of Australia's most advanced, successful and reliable equine supplement companies has joined forces with Northern Valley Stockfeeds to produce the best viable feed options for the ongoing health and well-being of your horse in their Organic Certified Mill. Harrys Choice contains a high roughage content which is exceptionally important for the horse's gut health and longevity. Harrys Choice and Hi Form Australia offer the horse owner the opportunity to meet their horse's daily requirements in exact measures. Harrys Choice the only Choice.
