

Precision Thermometer H370

Description

The H370 thermometer is a perfectly designed instrument for food industry measurements according to HACCP rules. The instrument is very robust and watertight (IP67). The probe included is exchangeable and the connection is very strong (screwthreaded connector). Especially suitable for direct measurement of materials.

- Water proof (IP67) Case
- Backlit LCD
- Min/Max/Avg Function
- Battery Level Indicator
- Calibration Feature

Specification of H370 Thermometer

Measurement Range:	-100 to +300°C
Sensor Type:	Class A, Pt100
Accuracy:	+/- 0.1% of reading or 0.4°C whichever is greater
Resolution:	0.1°C
Display:	2-line LCD, 7 segments
Battery Life:	~100 hours continuous use
Dimensions:	150 x 66 x 31 mm
Weight:	350g
