Lodging

What is lodging like?
For the camps at the Olympic and Paralympic Training Center in Colorado Springs, Camp participants will be staying at the athlete resident halls at the Olympic and Paralympic Training Center. Resident athletes from a variety of Olympic teams and programs are also staying in these dorms. Dorm rooms have 2 to 3 beds per room with a sink and a TV. There are common bathrooms and showers on each floor. The dorms are adequate but are not luxurious. All campers will have one to two roommates. Athletes will be placed in rooms based on gender and where they are from. Campers don't spend much time in the rooms beside to sleep. Most campers enjoy sharing rooms with their fellow campers. If you are attending camp with a friend or would like a specific roommate, please contact the USA Triathlon Foundation staff and we will make sure you are together. The entire Olympic and Paralympic Training Center is gated and secure that is patrolled 24 hours a day. Access to the OPTC is strictly enforced. Access to the dorms also requires a special access key. Each participant will be issued a secure key. The OPTC provides linens for the beds, but we recommend that you bring 2 towels – one for the pool and one for the shower.

Camp participants at the Tempe Project Podium camp will be responsible for the cost of their own accommodations. The USA Triathlon Foundation staff will provide room blocks from two hotel options. Camp participants may choose to have an individual room or if interested in sharing a room with another camper, the Foundation Staff will help facilitate the match.
