TINY LAMP COLLECTION

The Tiny Lamp collection works as a functional and decorative light source in any room. Due to their petite, slim size, they can effortlessly be placed in any space that needs extra light. Inspired by industrial Art Deco, they exude simplicity in both expression and their metal construction. The useful tipping head makes it possible for you to tilt the shade to create a different look of the lamp, as well as to fit the atmosphere of the room. Playing on proportions, the tiny shade in combination with the slim base gives the Tiny Lamp collection its charismatic design trait and personality.

Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
