

PURIFYING RITUAL

This ritual cleanses the scalp and normalises sebaceous glands. It keeps greasy dandruff at bay, normalizes hyperhidrosis, and deodorizes, refreshes and decongests the scalp.

SCALP CHALLENGES

Excessive sebum
Greasy dandruff
Seborrhea
Hyperhidrosis

BEFORE THE RITUAL

Once you've carefully analysed the client's scalp, apply SINERGIA 3 to the 6th Chakra (middle of the forehead).

APPLICATION

Use a brush to apply FITTOARGILLA FUNZIONALE (**Detoxifying Clay Scalp Mask**) to dry hair, massaging gently for at least 5 minutes.

If the lengths are dehydrated, apply PANACEA ALLE ERBE (**Nourishing Phyto Hair Mask**) to dry hair and massage for 5 minutes.

If the client likes it, apply SINERGIA 3 to their trapezius with a gentle massage.

PROCESSING TIME

Leave on 10 minutes under a humid heat source or cover with a hot wet towel. You can also combine the SPA MIST technology.

Rinse with warm water using a glass jug.

Cleanse with BAGNO FUNZIONALE PURIFICANTE (**Detoxifying Hair Bath**) and spray ELISIR SUBLIME (**Sublime Hydrating Elixir**) on the lengths.

AFTER THE RITUAL

Spray TONICO VITALE (**Volumizing Hair Tonic**) (scalp and hair) and massage gently. Then, style as desired (RUGIADA FISSATIVA (**Styling Hair Spray**) or LINFA MODELLANTE (**Styling Protection Lotion**)).
