

PG

Portable, Belt-Drive, Gasoline-Powered, Cold Water Pressure Washer

- Up to 4.7 GPM, 4000 PSI
- Belt-Drive Pump with 7-Year Warranty
- Reliable Honda or Vanguard Engine
- Lots of Safety Features

■ Rugged **High-Pressure Pump**, with three ceramic plungers, forged brass head and seven-year warranty, is connected to the engine by a belt-drive assembly that features cast-iron bushing **Pulleys** and two notched "V" cogged belts, which provide a cooler operation and longer life; also two-bolt adjustment makes it easy to adjust the belt tension.

■ Heavy-duty Gasoline-Powered **Honda or Vanguard Engine** with low-oil alert and some models with electric start.

■ Helpful **Tri-Lingual Labels** with operating instructions in English, Spanish and French for added liability protection and operator convenience.

■ Spring-loaded **Trigger Gun** with stainless steel, **Variable Pressure Wand** for low pressure detergent application (except 2000 PSI model uses standard wand).

■ **Hose/Gun Hanger** for ease in storing hose and gun when not in use.

■ Block-mounted, top quality **Unloader** diverts water flow when trigger gun is shut off and keeps bypass water cooler.

■ Many **Safety Features**, including OSHA compliant belt guard and a thermal pump protector to prevent the buildup of excessive heat in the pump.

■ Easy-to-attach **Detergent Injector** for easy application of soap.

■ 50 ft. of steel-wire braid **High Pressure Hose** rated for up to 5000 PSI with 24-inch **Hose Guard** for burst protection, and **Swivel Crimp Fitting** for ease in attaching trigger gun to hose.

■ Two spring-loaded **Rubber Pad Feet** absorb vibration for long life and keep the unit from "walking."

■ Rugged 10-gauge steel **Chassis** is protected with all-weather-resistant epoxy powder coat paint.

■ Four quick-couple **Nozzles** are made of hardened stainless steel and color-coded for easy selection of spray pattern: 0°, 15°, 25°, 40°.

■ 1 1/4" Chrome-plated **Handles** on front and back for convenience in vehicle loading and unloading.

■ 13" four-ply, tubed **Pneumatic Tires** make for easy maneuvering in any terrain.

■ **Oil Drain Hose** for convenience in changing oil.

■ **E-Z Start Valve** makes for resistance-free pull starting of the engine.

■ **JIC Fittings** are easy to service and corrosion-resistant.

WHY CHOOSE THE PG

The PG is our portable, belt-drive, cold water pressure washer line offering four models with cleaning power of up to 4000 PSI.

QUALITY: Only the highest quality components are used on the PG, including the tri-plunger high-pressure pump with 7-year warranty, Honda or Vanguard engine, durable steel frame with welded seams, and point-and-shoot wand for cleaning effectiveness. In addition to being certified to the rigid UL-1776 safety standards, the PG has a totally enclosed, OSHA-compliant belt guard, a 24-inch hose guard for burst protection, and tri-lingual operating instructions for owner liability assurance.

CONVENIENCE: A number of features make the PG especially popular with users who need a powerful, outdoor pressure washer that cleans fast. For instance, there are chrome-plated handles on both front and back for easy vehicle loading. Two leak-free, tubed pneumatic tires make for easy maneuvering in any terrain, and two shock-absorbing spring-loaded rubber feet keep the PG from “walking” while in operation. And the E-Z start valve allows for resistance-free pull starting of the engine.

Model #	Part #	GPM	PSI	Pump RPM	Engine	CCs	Ship Wt (lbs)
PG4-20324	1.107-010.0	4.2	2000	1300	Honda GX270	270	230
PG4-35324	1.107-011.0	3.7	3500	1185	Honda GX390	389	255
PG5-35224E	1.107-013.0	4.7	3500	1185	Vanguard 16	479	300
PG4-40324E	1.107-012.0	4.0	4000	1190	Honda GX630	688	274

E = Electric start engine (battery not included)
