

Easy Square

Add/subtract "Distance"

--	--

+ and -

--	--

Generate a Problem

Generate Problem:
Add and Subtract
"Distance" for Multipliers

--	--

--	--

X

--	--

Write the Easy Square Product

--	--	--	--

-

--	--	--

=

Generate a Problem

1. Start with a multiplier

X

2. Add/subtract "Distance" to make an Easy Square

		+ or -		
--	--	--------	--	--

3. Add/subtract the "Distance" for the second multiplier

=

Th	H	T	O	-	"Distance"	Squared

4. Subtract the distance squared from the squared Easy Square for the answer.

Generate a Problem

1. Start with a multiplier

X

2. Add/subtract "Distance" to make an Easy Square

		+ or -		
--	--	--------	--	--

3. Add/subtract the "Distance" for the second multiplier

=

Th	H	T	O	-	"Distance"	Squared

4. Subtract the distance squared from the squared Easy Square for the answer.
