Coverage

Our Factory applied Tuff Toe™ covers a standard area of the cleat as you can see on several pictures on our site. We stay away from the flex points of the cleats to allow freedom of movement and eliminate extra wear and tear on the leather upper. For an additional cost, if you need anything other than standard, just simply mark the cleat and choose from the options below.

HOWEVER, please note that if you ask us to cover flex points of the cleat we will not be held responsible for the loss of flex or any damage this may cause the cleat or Tuff Toe. Covering the flex points may cause the Tuff Toe to pull away from the upper and in some cases it will cause seams to tear and/or the leather to separate.

Mark any Additional Coverage Areas below:

Standard Coverage: (included) **Hot Spot:** \$5.00 **Extended Toe:** \$7.00 **Extended Toe & Heel:** \$10.00

Follow My Outline: \$8.00 (only if larger than Standard Coverage).

Check one of the Additional Coverage Areas above **and clearly mark** your own shoe where you would like the option added to the shoe.
