Re: Community Healing: Transcultural Model

Dear Madam/Sir,

It is my pleasure to personally endorse the Community Healing: Transcultural Model. Our community has been greatly impacted by the effects of the Residential School and have been taking the initiative to support the Truth and Reconciliation recommendations.

We are excited to host the program at Maskwacis Cultural College as it will greatly impact our healing journey as Nehiyewak (Plains Cree People).

Thank you for the opportunity to host and offer our support.

Ekosi,

Chief Vern Saddleback
