WALKING AND STANDING RANGE

DSF Special Care Device

Our DSF range designed for children as minimum support devices to enable limited movement in all directions to enhance the users standing and balance.

All these units feature an adjustable heel strap, vertical adjustable knee strap, variable supportive pads providing total pelvic support and a non-slip rubber mat. Available in small, medium or large sizes with optional lumbar restraints. The maximum weight capacity is 60kg.

FEATURES

- Sturdy construction
- Adjustable heel strap
- Variable supportive pads providing total pelvic support
- Optional posterior buttock adjustment
- Non-slip rubber mat
- Australian designed & manufactured
