

## Printable Ruler

**Print** this page actual size or at 100% scale.  
do not: fit to page, shrink or scale below 100%.

**Cut** the ruler along the dotted lines.

**Measure** by placing the ruler on the product where you want the label to go.

**Test** your measurements by cutting out a label and placing it on the product  
Watch out for tapering or curves in the product as your label may need to also be tapered if so
