

## **Assembly Instructions:**

### **No. 40946-00-00-902 Heavy Duty Cut Flower Display**

**Parts List: Hardware bag; (1)- Base with two wheels; (2)- 41 1/2" long bars, 45° bend at one end; (1)- 24" (side to side) "U-Bar", 90° bend at both ends; (2)- 28 1/2" Bars, 90° bend at one end; (1)- Sign: "Cut Flowers"; (3)- Metal brackets for the vases; (9)- Vases.**

#### **Assembly instructions:**

- 1) Position the bottom section of the display on the floor, (with the two 90° bends downward).**
- 2) Place the two (41 1/2") long, (slightly bent) bars (in an upright, but angled position) into each of the two holes (toward the center of the bottom section) respectively, ("shorter" bent portion of bar toward ground) on the right and left hand sections (of the base), orienting them so they angle toward the wheels. Install with bolt entering through the bottom. Please make sure that the three "circular hangers" on each bar are positioned toward the inside of the stand.**
- 3) Install ("push in") the (24" side to side) "U-bar" (bent at both ends) into the tops of, and thus connecting the two long upright bars.**
- 4) Install the two (28 1/2" long) bars (each with one 90° bend) in an upright position, (90° bends angled to), and then bolted to, each of the long upright bars, at both at top and bottom.**
- 5) Install the "Cut Flower" sign at top of the stand (press-in).**
- 6) Install each of the three ring units by inserting them into the "circular hangers" at the insides of the long upright bars.**
- 7) Place the (9) - vases into the rings.**
