## MADELEINE MCCALED

Located in the heart of San Francisco's bustling downtown, is an ultra cool coffee and wine bar called Mavelous. Designed by Adeeni Design Group, the space draws on the city's energy and artistic influences. Featuring the works of local artists and drawing inspiration from surrounding civic centers, including the Asian Art Museum and the San Francisco Ballet, noir themes are balanced with pops of color and texture.

Translate this look to wearable style perfect for holiday soirees by wearing a goth-meets-avant-garde gown with runway-ready footwear. Take a note from Adeeni Design and keep the look from becoming too heavy by adding vibrant accessories, and you're ready to celebrate the season in style.
