PROFESSIONAL PRESS CONFERENCE  
AUDIO DISTRIBUTION AMPLIFIERS

# ABOUT US

AudioPressBox is a European manufacturer of professional press conference audio distribution amplifiers that has been on the market since 2012.

AudioPressBox is a sophisticated tool for audio distribution at press conferences, presentations and other events where audio signal has to be transmitted or recorded by multiple TVs, cameras, audio recorders, reporters and/or journalists.

Our goal is to provide equipment for both indoor and outdoor press conferences with an easy set up and quick deployment.

# WORLDWIDE PRESENCE

## IN MORE THAN 55 COUNTRIES

Our knowledge and extensive experience guarantees the satisfaction of all of our trading partners. It doesn't matter whether you are an individual client, small or medium business partner, or civil service organization – our solutions are aimed at all market segments. Our goal is to provide products and services of excellence that enable our customers to stand out.

# THE WIDEST RANGE OF PRESS BOXES

AudioPressBox has the largest portfolio of Press Boxes in the whole world including Dante-enabled press boxes and press boxes with USB-C connectivity for both portable and fixed installation.

# TOP REFERENCES

**PRECEDENCY OF THE EU COUNCIL**

**AudioPressBox 1.32 CBs** were used during the Czech Presidency of the EU Council. The solution was chosen due to its portability and ability to be easily daisy chained.

**EUROPA ROOM**

**APB-112 OW-D** - the fixed installation on wall Dante-enabled units serve the journalists in the Europa room in Brussels.

**EU COUNCIL**

**APB-D216 R-D** are the 2 channel Dante-enabled units providing up to 8 channels (8 different languages) for the journalists from all around the Europe in this installation in EU Council.

**GOVERNOR OF JAKARTA**

**APB-116 P** with its wooden sides and built in Accu-pack is a nice fit for any governmental institution.

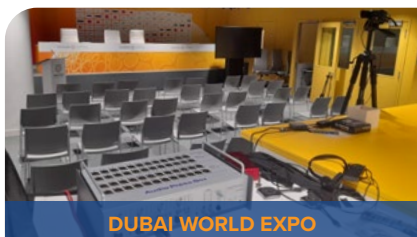

**PARLIAMENT PRESS ROOM**

**APB-D100 R** and portable expanders **APB-008 SB-EX** are used at the Hungarian parliament press room.

**UNITED NATIONS CONFERENCE**

**APB-216 C-Ds** were used at the COP 27 United Nations Climate Conference taking place in Egypt.

**DUBAI WORLD EXPO**

**APB-448 SBs** were used at the Dubai World Expo. The units were able to provide a 2 channel system for bilingual press conferences.

**FRANKFURT AIRPORT**

Frankfurt airport is one of the users of our portable system **APB-1.32 CB**. The flexibility of the portable expanders is what makes the difference.

**MINISTRY OF INTERIOR AFFAIRS**

**APB-116 P** are daisy chained at the ministry of interior affairs in Ukraine. The wooden sides of the unit nicely fit the government interior.

**POLITICAL PARTY**

AudioPressBox devices help political parties to send their message to all of their supporters.

**TECHNICAL UNIVERSITY**

AudioPressBox devices provide outputs for the journalists in the press area of the university.

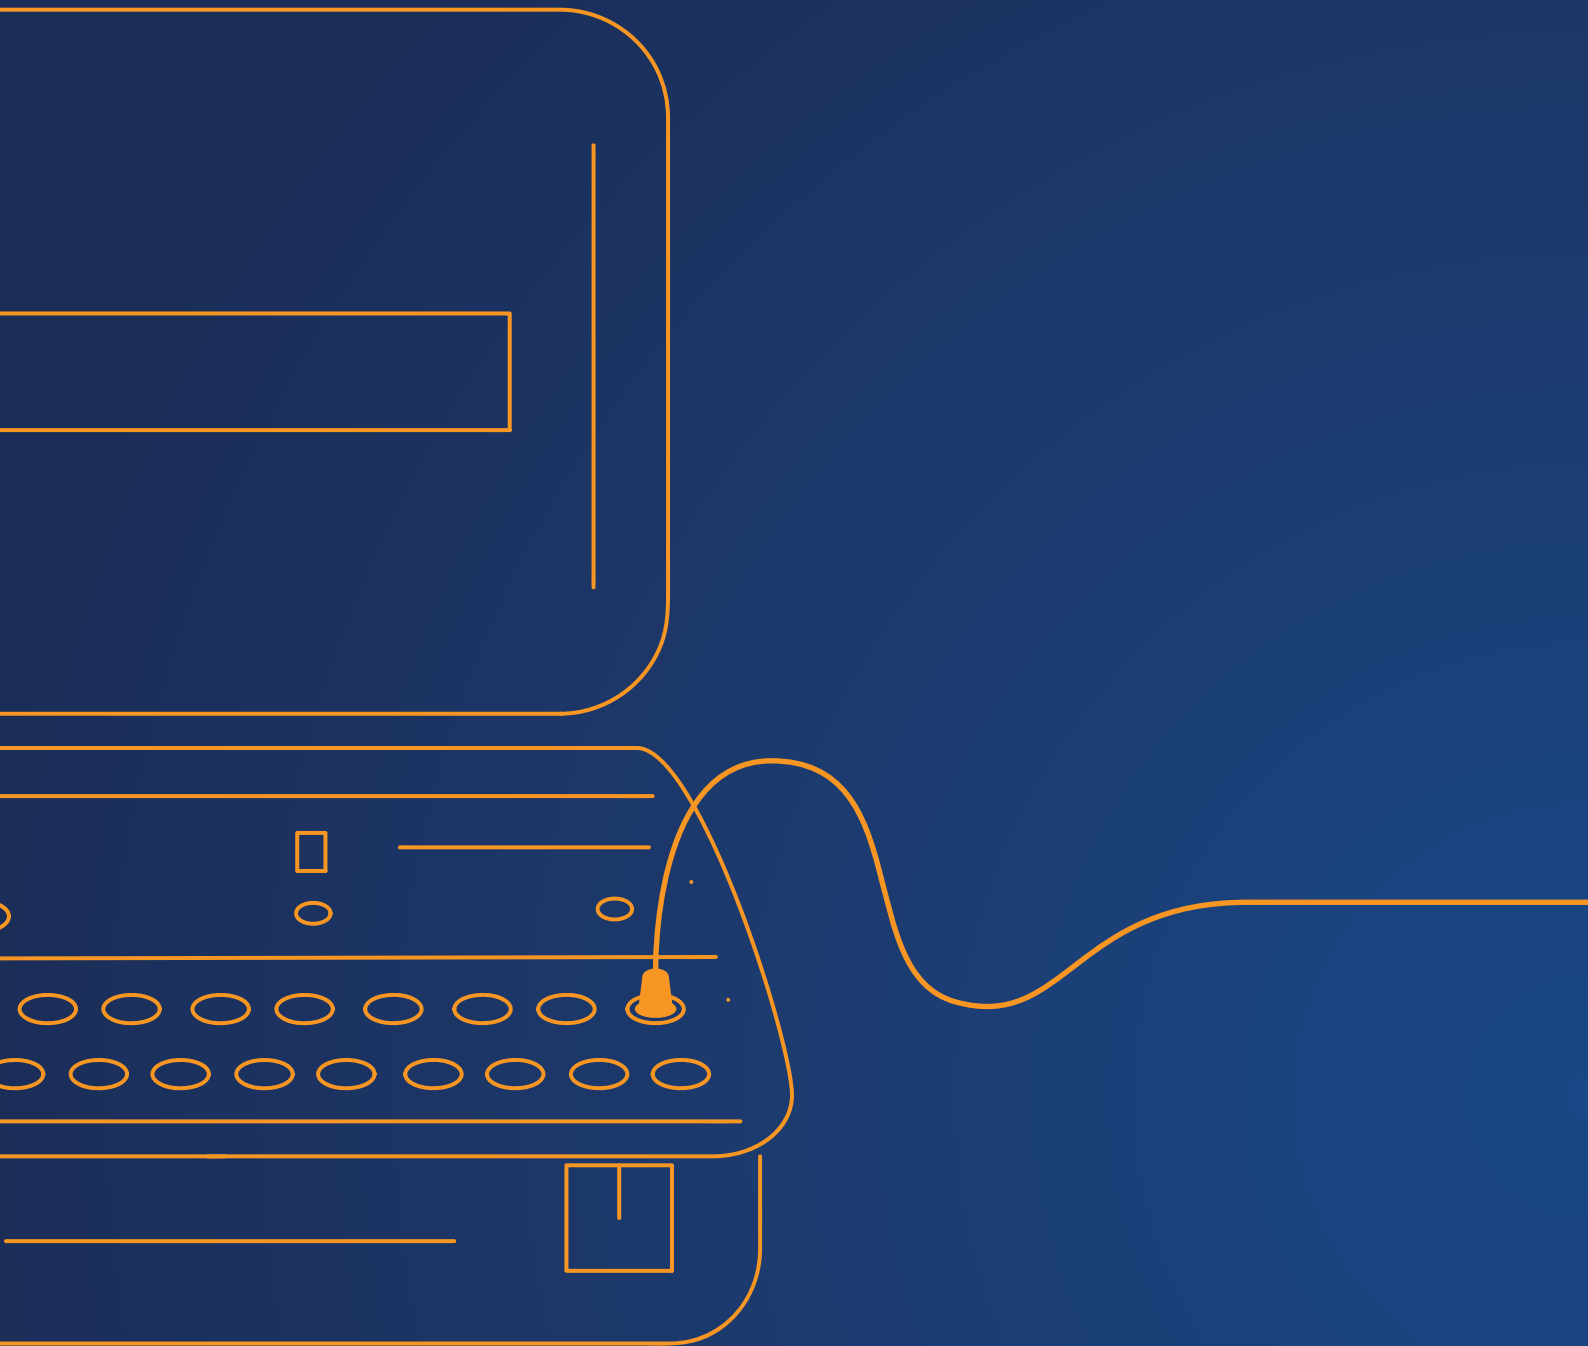

**EUROVISION**

**APB-224 C** along with the bundle of **APB-1.32 CB** covered the Eurovision song contest in Tel Aviv, Israel.
