### CHEVRETTE MILD

**Frico Chevette Mild** is premium Dutch goat's cheese with a mild, soft taste. Frigo Chevette Mature has a strong and characteristic full-bodied flavour and a slightly crumbly texture. The cheese is made from 100% fresh Dutch goat's milk and is therefore suitable for people allergic to cow's milk. **Frico Chevette Mild** is ideal in vegetarian dishes and salads. **Frico Chevette Mature** makes a perfect accompaniment to a cheese board.

### OLD DUTCH MASTER

The award winning **Frico Old Dutch Master** is a premium matured cheese with a characteristic taste and texture. It is traditionally ripened on wooden shelves for almost a year. Due to its bold flavour, it can be served with drinks as an appetizer and can also be enjoyed on a cheese board or grated over pasta dishes or pizza. During the ripening process little natural crystals arise that result in a crumbly texture.
