**Use code SUBSCLUB at checkout!**

NB the code will only be accepted on orders placed by customers with a current BOX SUBSCRIPTION and only on the items featured in our online SUBSCLUB Collection.

### Ramie Fibre

A natural plant fibre alternative to silk! Ramie has long, straight, fine fibres that are great to mix with other wool fibres to add texture to your project. Ideal for fairies and angels too - we've used this for our mermaid's beautiful flowing locks - and it's also really easy to turn into curls too!

**£4.50** for 45g

### Beeswax Balm

For wire wrapping & shaping details. A firm wax that softens with heat from your hands, we love to use this to help wool grip onto wire when wrapping armatures. It can also be used to shape claws and beaks by adding it to wool fibres (usage instructions are included).

**£4.25** for 14g tin  
**£5.50** for 24g (3 hearts)

### Makerss Make-Alongs

**LIVE on YouTube - TUESDAYS 13:00 BST**
