EVOLUTION DST

A mainstay in the FLY Racing lineup for over a decade, EVO-DST features Durable Stretch Technology, combining freedom of movement but never compromising on durability. With a low profile cut, EVO-DST is the choice of our professional Supercross and Motocross riders while also suiting the needs of many off-road racers, too. When you need the absolute best, choose EVO-DST.

EVOLUTION DST JERSEY

SM-2X \$59.95

JERSEY

PERFORMANCE

- Laser-cut perforations for advanced ventilation
- Full mesh back and integrated mesh in key areas
- Zero-cuff arm openings provide unrestrictive mobility, and a comfortable fit
- Multi-directional Lycra® neck and shoulder panels

CONSTRUCTION

- Low profile multi-panel construction for maximum performance and a comfortable fit
- Seamless armpit construction, with a single-continuous stretch mesh panel from the sides to cuffs which helps prevent underarm rubbing and irritation
- Silicone-printed tail keeps jersey tucked in

FIT

- Pro fit: ergonomic arms created for riding position, with a slim cut

Laser perf ventilation

Comfort stretch collar

Full mesh back and in key areas

Open zero cuff

PANT

PERFORMANCE

- DST (Durable Stretch Technology) constructed of four-way HEX-Stretch fabric provides excellent mobility with heavy-duty durability
- Laser-cut perforations in key areas for advanced airflow
- Strategically placed stretch-mesh ventilation areas
- Relaxed leg cuffs

CONSTRUCTION

- Exclusive four-way HEX-Stretch fabric construction is flexible and tough
- Leather heat shield panels with DuPont™ Kevlar® stitching
- Seat panel sewn to breathable light mesh reduces pulling
- Advanced Lycra® liner adds increased comfort and performance

FIT

- The BOA® Fit System offers fast, on-the-fly micro adjustability
- Ratcheting closure allows for adjustability
- Ergonomically pre-shaped knee accommodates most knee braces and guards
- Full-Floating durable 900D seat surrounded by HEX-Stretch material moves naturally with your body
- Exclusive zipper lock system keeps pants closed and secure

LITE

Lightweight, high performance gear has been re-defined again. The Lite line has taken a huge step into the next generation, changing the game when it comes to performance expectation. With the BOA® Fit System strategically moved the front of the pant, the closure system has never been more functional. The new Lite pant features an all new four-way stretch material, making it one of the lightest performance pants ever created. Never before has a motocross line been so devoted to pure performance. If you've ever wondered what the future of motocross and off-road apparel looks like, turn the page.

KINETIC

The Kinetic line has always been leaned on as the workhorse for FLY Racing. Asked to do virtually everything, the standard Kinetic line has won supercross races while the vented Kinetic Mesh version has won brutally hot outdoor nationals. From moto to off-road to even a bicycle-specific version, the Kinetic pant can answer every ask. With 900D materials used throughout, the Kinetic pant is built to last but the list of features leaves no doubt that this pant is also performance-minded. Simply put, the Kinetic pant is unmatched in the mid-level price point.

KINETIC JERSEY

SM-2X \$38.95

JERSEY

PERFORMANCE

- Tagless comfort-stretch collar with gusset
- Relaxed shorty elastic sleeve cuffs

CONSTRUCTION

- Multi-panel construction for maximum performance and comfortable fit
- Mesh ventilation helps dissipate heat at your sides and underarms

KINETIC MESH

Summer is hot, but that doesn't mean you have to be. Stay cool with the superior breathability of Kinetic Mesh racewear. The dual-mesh construction allows massive airflow while filtering out dirt. Used by our professional motocross racers and off-road warriors, too, Kinetic Mesh is the first choice in ventilated racewear. With the tried and true Kinetic cut, Kinetic Mesh is the cool younger brother to the original.
